

# Send Personalized Communications with ClickPay Billing

Engage tenants and homeowners with relevant print & electronic messaging using self-service tools to create custom content.

## Overview

Personalize and manage communications with intuitive tools to deliver bills & important messages with ClickPay Billing. ClickPay Billing empowers Property Managers to send print and electronic statements through a self-service platform. Access omni-channel distribution capabilities – email, SMS/text, IVR – ensures messages are read. Strengthened by Text to Pay capabilities, ClickPay Billing drives timely electronic payments & community engagement.

- ▶ Leverage the valuable real estate of billing statements to customize messaging and interact with community members.

## ClickPay Billing Offers:

### Bill & Coupon Printing

Choose frequency & format for printing bills on one of a number of templates and proof right on screen.

### e-Bill Presentment

Conveniently allow tenants and homeowners to view line-time details and create content to highlight the benefits of paying electronically.

### Resident Notifications

Independently schedule and manage content to let tenants and homeowners know that bills are ready or of community announcements.
