

Leasing

Combining fully customizable lease applications with ClickPay's leading payment platform, ClickPay Leasing accelerates closings and tracks tenant payments from application through lease renewal.

Why You Need It

ClickPay simplifies the complexities of leasing by streamlining online applications for faster completion of executed leases with the benefit of customizing applications, questionnaires, and background checks. Leasing associates quickly and easily lease their properties by creating multiple online leasing agreements in parallel, editing agreements in real time, and messaging applicants to complete forms.

- ▶ Accelerated acquisition means qualified applicants convert to paying tenants quicker.

ClickPay Leasing Benefits

- Build Custom Application Form
- Add Unique Code to Your Website
- Control the Background Process
